Location: 947 Maplewood Avenue, Lewisburg, WV

Start time is 8:00am

Please sign up at Mt. State Educational Services (PST) Charleston

Pre-registration required online at [www.wvpst.org](http://www.wvpst.org). Select Charleston and click on the class in the calendar on the scheduled date. **Class includes:**

Purpose/Helpful resources/Common issues encountered

Uses of propane/Where it is likely found

Others who are involved in incident response

Transportation and storage/Eight step emergency response procedures. After lunch break, the class will move to the fire ground for a live fire attack. The idea behind the fire approach is designed to deflect enough heat for a technician to get hands on the container to take away the fuel supply. is designed to deflect enough heat for a technician to get hands on the container to take away the fuel supply.
