

West Virginia Emergency Management Division

G0191: Emergency Operations Center/Incident Command System Interface

Date/Time: May 18, 2026 (8:00AM – 5:00PM)

Location: Cabell County 911 Center

Address: 129 Gallaher Street, Huntington, WV 25705

***Course is FREE* Student materials will be provided. Travel/meals are not provided.**

Instructor: Brent Burger

Description: The goal of G0191 is to enable the students to develop an effective interface between the Incident Command/Unified Command and the Emergency Operations Center by applying National Incident Management System principles. Course objectives include explaining the course structure and potential ICS/EOC interface challenges; explaining key NIMS concepts, command and coordination systems, and structures; analyzing given scenarios to determine commonalities and potential interface issues between ICS and EOCs; explaining the respective roles and interconnectivity of the NIMS command and coordination systems in coordination; contrasting the typical role and functions of the Incident Command and the EOC during emergency operations; analyzing given scenarios to apply

ICS/EOC interface concepts; developing an ICS/EOC interface action plan for your community; and summarizing the course objectives.

Prerequisites: FEMA IS-100, IS-200, IS-700, IS-800, and IS-2200

Registration: To register for this G0191 course, please click on this course on the [WVPST Charleston](#) website and calendar. If you're having issues with registration, or if you have any other questions or concerns, please contact the WVEMD Training & Exercise Team (emdte@wv.gov).
