Course Description

This is an intermediate-level course designed to provide a set of guiding principles, standardized methodology, available resources and practical skill development, which will assist in developing an HSEEP consistent exercise program. This course describes a common approach to exercise program management, design and development, conduct, evaluation, and improvement planning.

Course Objectives

Understand the role of HSEEP in National Preparedness, and how HSEEP exercise principles and methodology support efforts across the whole community to improve our national capacity to build, sustain, and deliver core capabilities.

Prerequisites: IS.120.c An Introduction to Exercises
