Description: This course provides training for personnel who require advanced application of the Incident Command System (ICS). This course expands upon information covered in the ICS 100 and ICS 200 courses. Course objectives include 1) describing how the National Incident Management System (NIMS) Command and Management component supports the management of expanding incidents; 2) describe the incident/event management process for supervisors and expanding incidents as prescribed by ICS; 3) implement the incident management

process on a simulated Type 3 incident; 4) develop an Incident Action Plan for a simulated incident.

Prerequisites: FEMA IS-100, IS-200, IS-700, and IS-800

Registration: To register for this ICS 300 course, please click on this course on the [WVPST Charleston](#) website and calendar. If you're having issues with registration, or if you have any other questions or concerns, please contact the WVEMD Training & Exercise Team (emdte@wv.gov).
